About Us.

Introduction

Arkan is a leading heavy equipment rental company based in Khobar, Saudi Arabia. We specialize in providing high-quality construction machinery and tools for rent across key cities including Khobar, Dammam, Jubail, and Riyadh.

Our company is committed to offering reliable and well-maintained heavy equipment for a range of industries, ensuring the smooth progress of construction, infrastructure, and industrial projects. With flexible rental terms and a focus on exceptional customer service, we aim to support our clients in successfully achieving their project milestones. Whether you require equipment for short-term or long-term rental, our extensive fleet of machinery is available to meet the diverse needs of our customers throughout Saudi Arabia.

OUR EXPERIENCE

With years of proven expertise, Arkan LLC has successfully delivered a wide range of projects across the KSA, serving both government and private sector clients. Our experience spans construction, facility management, and specialized engineering solutions, with a strong reputation for quality, reliability, and on-time delivery.

Arkan LLC has built a solid track record by executing diverse projects with precision and professionalism. Our team's deep industry knowledge and commitment to excellence have earned us the trust of clients across various sectors, making us a reliable partner in the region.

Equipment Rental

The Equipment Rental Division of ARKAN specializes in providing a wide range of heavy and light equipment for industries such as Construction, Oil & Gas, Petrochemicals, Manufacturing, and Small & Medium-sized Enterprises across Saudi Arabia.

Our division is focused on three key areas: Heavy & Light Lifting, Power, and Transportation. With a reputation for reliable service and dedication, ARKAN has helped numerous clients efficiently complete their projects, ensuring safety, cost-effectiveness, and timely delivery.

ARKAN is backed by technical expertise and a team of trained, experienced, and certified operators and riggers. We offer dedicated support through our qualified technicians, high-quality equipment, and fast logistical services.

Our lifting solutions are customized to meet the specific needs of medium to large-scale projects, providing superior service and consistent commitment to fulfilling every client requirement.

With

HEAVY LIFTING SERVICES

Heavy equipment plays a vital role in lifting heavy cargo and is extensively utilized in construction projects. With infrastructure development accelerating across Saudi Arabia and the entire GCC region, the demand for such machinery continues to grow. As a leading integrated logistics company, we are renowned for providing crane rental services, offering a wide range of heavy equipment.

TRANSPORTATION AND LOGISTICS SERVICES

Arkan offers one of the most reliable transportation solutions in Saudi Arabia, specializing in the logistics and transport of large and oversized equipment. This exceptional service requires specialized skills and in-depth knowledge to ensure safe and efficient execution.

With extensive experience in vehicle and equipment shipping, Arkan has developed the expertise to handle oversized transport with precision. The company has successfully managed numerous heavy lifting projects involving a variety of vehicles, including lifted trucks, and travel trailers (both low bed and hydraulic).
